CIRCULAR LETTER NO. 28

ASF Medical Supply Catalog

LIBRARY

The 1944 edition of the Medical Supply Catalog consists of the following:

- ASF MED I - Introduction
- ASF MED II - Index
- ASF MED III - List of items for troops, posts, camps and stations
- ASF MED IV - Sets, small assemblies, kits and chests
- Errata Sheet- One page.

b. In addition to the above WD components, the Medical Supply Catalog, to be usable in the ETO, must contain the following components prepared and published by the Office of the Chief Surgeon, Supply Division, Hq, ETOUSA.

Revised ETO Insert #1 - "Items in the non-available or limited availability category."

ETO Insert #2 - "Items available for issue, but which do not appear in catalog."

ETO Insert #3 - "Cardiograph paper chart."

Class "A" Substitution List.

ETO Non-Standard Listing.

2. The ETO Inserts referred to in par 1 above will be republished from time to time as circumstances dictate. The WD change sheets to the ASF Catalog will not be used in this Theater. Any changes which it is desired to reflect in this Theater will be included in revisions of the ETO Inserts. These revisions are available by requisitioning on Depot E-407, APO 887, on the Continent, or Medical Section G-30, APO 413, in the UK.

3. The commanding officers of all units which maintain stock records of Medical Department supplies will take the necessary steps to assure that all Stock Record Cards and stock are changed to conform to the new number, nomenclature and unit as shown in the 1944

catalog. In all instances the item number has been changed from five to seven digits, and in many instances there has been a change of nomenclature and unit as well. Class 1K items have been eliminated and assigned new Class 1 numbers.

4. All units having occasion to requisition Medical Department supplies will exercise great care to ascertain that the proper number, nomenclature and unit is being used on all requisitions.

5. ETO Medical Department equipment lists now in use in this Theater do not conform to the 1944 catalog listings in all details. All equipment lists authorized for use in this Theater are at present being revised and will be distributed to concerned units automatically as soon as available. Until such time as the revised equipment lists are received, Medical Supply Officers will exert every effort to assure that requisitions are being prepared properly by making reference to the 1944 edition of the catalog.

By order of the Chief Surgeon:

*H. W. Doan*  
H. W. DOAN,  
Colonel, Medical Corps,  
Executive Officer.
